Experience

General Assembly's Web Development Immersive   **2017**
- 12-week, 600+ hour course in full stack web development.
- Built secure web applications using best practices, agile and git.
- Experience in lifecycle of web applications; planning/deploying/ troubleshooting.
- Problem solved architectural and mechanical issue within a team.
- Proved ability to self-teach, be resourceful and continuously learn.

Projects

AppSpark - A platform where users can post ideas for web app and find a team like(like kickstarter.)This app challenged me to learn AWS integration, join tables, photo processing, and to refine my postgres, authentication, and responsive design skills.

Ruby on Rails | Postgres | Devise | Responsive Design | AWS S3

Workout-Genius - A platform where users can post workouts with ability to post premium content for trainer and fitness celebrities. This app is a work in progress, that requires component planning, learning web scraping, building RESTful API endpoints.

React | NodeJS | PhantomJs | Webpack | ES6 | MaterialUI

Sessions - A mobile app that allows users to create study sessions and informs others(like meetup.com.) Currently this app has challenged me to learn a new front end framework, how to structure data in a NoSQL database and an assortment of APIs.

ReactNative | Firebase | GooglePlacesAPI | Webpack | ES6

Comparative - An app that allows users to up/down vote a photo based on a tag. In this project I learned relational databases and the challenges associated with them.

Ruby on Rails | Postgres | Devise | HTML | CSS

Work History

Atrion Networking - Associate Network engineer   **2015-2016**
I worked with both small and enterprise level clients to solve issues ranging from network slow down to complete outages. I Began as an apprentice and was promoted to associate engineer.

United States Air Force - RF Technician/ Staff Sergeant   **2009-2015**
Maintained and operated equipment across multiple disciplines. Acted as subordinate, lead, instructor and SME. I began as a airmen and was promoted twice to staff sergeant.

Education

University of Rhode Island - Bachelor of Arts Film & Media 2014
Community College of the Air Force -Associates Electronic System Technology 2014
